HIGHLANDER™

THERE CAN BE ONLY ONE

Manhattan: 1986. In a vast underground garage beneath Madison Square Garden, fireworks explode in a rainbow. The huge caverns echo with the sound of clashing steel. Two fighters, one in the 20th century dressed in contemporary clothes, an ancient samurai sword, the other a broadsword. The duel continues in earnest, ending only when the loser has capitulated. For the victor, however, it is only one more conquest in a drama he has been living for 450 years.

A unique breed of men faced to duel across the ages to a distant time called the Gathering, will fight for the Prize –
